

ORDER SHEET
IN THE PUNJAB INFORMATION COMMISSION

Muhammad Tahir Mehmood
VS
University of Health Science

Subject: Complaint Against the conduct of University of Health Sciences

20.08.2019 The Complainant is present in person. He is allegedly MBBS, DCP and Post Graduate Diploma Holder Doctor who started his career in the year 1982 and retired in the year 2012. His RTI complaint was disposed of by two learned Information Commissioners vide order dated 02.07.2019 on the basis of report that he had already received the requisite information.

2. The complainant being dissatisfied filed a miscellaneous application dated 09.07.2019 whereupon he was personally summoned to explain the information he seeks from the respondent/UHS with the intervention of Punjab Information Commission as such he is present before us.

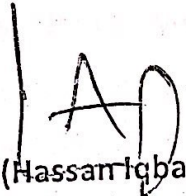

3. We have carefully gone through the original RTI application as well and the RTI complaint filed to Commission and have found that the applicant/complainant does not seek some specific information except voicing his grievance against the order of UHS dated 01.03.2019 whereby he was not granted admission in M-Phil Hematology/Microbiology as a second choice, despite the fact that he offered to waive of regular stipend/scholarship amount as he wanted to do M-Phil purely out of his

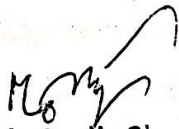

Handwritten initials and signature: "KGM" and a large stylized signature.

passion but his spirit was not appreciated and was not selected. He considers that when he has specialization in the same field of about 37 years and was ready to waive of claim of stipend, he was to be selected as a matter of right.

4. The Commission unfortunately is not invested with powers to intervene into administrative jurisdiction of UHS though feel compassion for him on his emotional out-burst. The Commission can at the most wish his admission during next course provided his spirit is appreciated by the authority concern including VC UHS. The Commission consequently disposes of this complaint with said observations wishing best of luck to the complainant.
